

Is There a Mouse in the House? By Don Pfaff

In the fall, without fail, mice seem to want to make a new home in your own home. Don Pfaff has come up with a creative way of putting mice in your home that you won't mind a bit!

All the "mice" are made generally the same way with alterations made to adapt for their purpose. Once you have the knack of making a mouse, you can make all the variations!

1. Bottle Opener Mouse*
2. Necklace Mouse
3. Ornament Mouse
4. Ball Cap Clip-on Mouse
5. Hat Pin Mouse
6. Necklace Mouse w/tail
7. Key Ring Mouse

*All mice are made using the following steps, for Bottle Opener Mouse, fuller a spot on the rear end of the mouse to lift off cap of bottle.

Left—Necklace mouse, extra long tail to put on chain, can also be an ornament mouse. Center— Bottle Opener Mouse, note the "bump" on the rear end of the mouse for bottle opener. Right— Hat Pin Mouse, the tail actually goes through the pre-stitched holes in caps. Below/Right— Clip on the brim type mouse, also in group photo #4

Material: 3/16" X 3/4"

Follow these easy steps, feel free to design your own mouse!

1. Taper
2. Fuller
3. Bend head down over horn to soften edges
4. Draw out tail
5. Fuller ear, eye punch with nail set, nail set half for nose
6. Position tail for the mouse you are making!
